4. This act shall take effect immediately.

STATEMENT

P.L.2005, c.77 (C.2C:13-8) established the new crime of human trafficking. This crime concerns using a person for the purposes of engaging in unlawful sexual activity or providing unlawful labor or services. These activities represent a modern form of slavery, in which increasing numbers of persons, primarily women and children, are trafficked across international borders and into this State.

This bill would require the Attorney General to establish and maintain a 24-hour toll-free telephone hotline to receive information from members of the public who have knowledge of or who believe that an act of human trafficking is being or has been committed. The hotline would also receive and respond to requests for information from members of the public concerning human trafficking. In addition, the bill would require the Attorney General to establish an educational and public information program concerning the crime of human trafficking.

The sponsor recognizes that the Division of Criminal Justice has worked with members of the Statewide Human Trafficking Task Force and federal authorities to initiate private human trafficking
